General:

My full name is Konrad Iturbe Berz.

I born in Zarzuela's Hospital, Madrid. The First of July of 1999.

I live in El Escorial (Madrid)

I have brown eyes, black hair and I am not tall (1,57 m with 14 years old). Hobbies/Leisures:

I like coding, videoediting, GoPro, skiing, diving, climbing...

I edit video or code in my free time.

I made an app to control gopro cameras during october 2012 - present.

The app is written in HTML5.

I am also a volunteer at VideoLAN.

I have two GoPro cameras, a HERO3 Black and a HERO2.

I also like to hack my GoPro HERO3 Black.

Education:

2001-2012: Escuela Waldorf de Aravaca: I spend my primary in a Steiner school in Aravaca, in which I got all my creativity and think way.

2012- ?: I enter in the Montessori School Los Fresnos in September 2012.

I am planning to study in a good university. And for a job: developer

Qualifications:

In the Waldorf school all was softened, so when I enter in the Montessori, all was different, I broke the bubble.

I adapted to the change quickly, the qualifications were

very bad at the start, one year later, they improved.
Here is my PET exam result: http://chernowii.com/
